

# SENSACIONAL

## RELAXED PERFORMANCE INFORMATION

**Relaxed Performances** are for families with one or more children with additional needs.

They are designed to provide an opportunity for people with autism, learning difficulties or other sensory and communication needs that require a more relaxed environment.

During ***Sensacional*** Relaxed Performances we will make adjustments to **sound and lighting** in keeping with a relaxed environment, provide **additional time** for you and your family to enter and exit the space and a **'chill-out' room** to allow you and your family to have a quiet space before, during and at the end of the performance.

A relaxed performance is open to anyone but is particularly suitable to support those on the autistic spectrum or people who have learning disabilities, sensory or communication disorders.

During Relaxed Performances there will be a additional trained member of front of house who will be on hand to greet you and to ensure you have all the information you need.

This **access assistant** will be present for your entire theatre trip to provide reassurance and a relaxed and supportive atmosphere that allows young people and adults to access theatre shows without the **usual restraints of 'theatre rules'**.

**To see how the show looks and how audiences will enter the space, you can watch the trailer here**
